Ziegler-excused

Watson- Present

Huepenbecker, Secretary-present

Wilson-Present

Laughlin-Present

Public Comment on Proposed Amendments

Zoning Administrator read and explained proposed ordinances

Zoning Administrator read into the record a letter protesting the adult entertainment changes by Dennis Okeefe and signed by several members of the Birch Subdivision

Powell-complained about the township web site not being up to date & suggested using a high school student-complained about the VFW sign

O'Keefe-opposed to adult entertainment in industrial zoning as it doesn't belong there & is not consistent with the master plan-asked about the amendment process & where else he can protest before it's passed

Harvey-asked if there are any of those uses currently coming into the township-stated he is understanding the amendment better- asked for clarification on the illumination ordinance

Quinn-adamantly opposes any change in the lakeshore lakefront homes having any commercial or other use other than residential-also believes that lakefront residents should get personal letters about when & where meetings are to be held if their zoning is changing

Groustra-agrees completely with Quinn in opposing any change to the zoning district along the lake and for better notices to be given to lakefront owners

Adjournment

Motion: By Wilson to accept minutes of regular meeting 02/18/2009 as presented

Support: Watson

Vote: All Ayes No Nays

Motion passed 6-0
